

# FRCAction Values Bus Tour

FRC Action's Values Bus is driving "coast to coast" to encourage and equip voters to vote their values on November 8th!

With so much of the media attention and focus on the presidential race, we are raising awareness about the other important federal and state races on the ballot.

These will have a tremendous influence on the future of our nation in many different ways. "Your Values, Your Vote, Your Future" is a fitting theme of the Values Bus as we cover over half of the nation, and rally from coast to coast with values voters who stand for religious freedom, life, national security, and natural marriage.
